

Early Childhood Special Education (ECSE) Updates

Voluntary Self-assessment for States to Support Military-connected Children with Disabilities and Their Families Under the IDEA.

This [resource](#) showcases OSEP's commitment to addressing the unique challenges faced by military families. The voluntary self-assessment provides States with a thorough review of potentially challenging areas that military families face and provides an in-depth look at current policy and procedures to identify any area in which collaboration or technical assistance could best support the family, local program, or State as a whole. If you have questions or need support with using the tool, please reach out to your [ECTA State Contact](#).

ECSE Office Hours

During these office hours, districts are invited to share current barriers and successes relating to Part C to B transition, Child Find procedures, data submission, and more.

While not required, participants are encouraged to send questions or topics they wish to have addressed during office hours in advance. To register, [click here](#). Questions or topics can be submitted to [Ryan Guzman](#).
