Pay	Junior level = \$18.00; Senior/Graduate level = \$19.00
Minimum Qualifications	<ul style="list-style-type: none">• Completion of two (2) years of college coursework in planning, science, or engineering.• Must be able to show proof of enrollment in the 2024 summer or fall term.• Junior, Senior or Graduate level student.
How to Apply	Apply HERE . Application closes March 20.

Get experience:

- ◆ Collecting scientific data including:
 - ◆ Forage fish surveys on the beach
 - ◆ Watercraft-based kelp canopy surveys
 - ◆ Marine water quality data
- ◆ Creating a framework for conducting shoreline assessment
- ◆ Managing large data sets and ensuring quality control
- ◆ Analyzing and reporting on marine data
- ◆ Collaborating with local partners on marine projects
- ◆ Attending Marine Resources Committee Meetings
- ◆ Creating outreach and education materials

What to expect:

- ◆ Field work 1 to 2 days per week, possibly in hot, cold, or wet weather. Possible long days on boats and on the beach.
- ◆ Computer based research and reporting done at a work-from-home location.
- ◆ Attendance at virtual and in-person meetings.
- ◆ Exposure to a number of different marine projects and government processes.
- ◆ Positive, team-centric environment.
