Join the Atlanta MBDA and Tacoma MBDA Business Centers and learn how to "Mitigate Safety Risk in a Time of Pandemic" **October 13, 2020**

1:00 pm to 2:30 pm ET/ 10:00 am to 11:30 am PDT

Georgia Tech SHES (Safety, Health, and Environmental Services) will be joining the Atlanta MBDA and Tacoma MBDA Business Centers for an online collaboration. In this webinar attendees will learn:

- The steps employers can take to reduce the spread and exposure of COVID-19.
- How to implement workplace controls and safe work practices (including PPE for employees and considerations for safely switching to an alternate type).
- How to create an infectious disease outbreak response plan.
- How to create a long-term employee safety plan.
- How to develop policies and procedures for identifying and isolating ill employees.
- OSHA record-keeping requirements and compliance procedures.
- Best practices when responding to a COVID-19 outbreak within your staff.
