News

June 2017 Edition

Dear Wisconsin Children's Safety Advocates:

In May 2017, the U.S. Consumer Product Safety Commission issued a total of **10 recalls relating to products affecting children**. Attached is a summary of the releases identifying the product, the problem, and what should be done with the recalled product.

We have found that not all of the recalls are picked up by the news media as they occur. This monthly summary will give you the opportunity to review all of the children's product safety recalls for the past month. If you are interested in a complete text of the recall, click on the hyperlink at the end of the recall description. This will direct you to the recall notice located on the CPSC website.

- **Combi USA Recalls Stroller and Car Seat Combos Due to Fall Hazard ([17-146](#))**
- **Night Lights Recalled by AM Conservation Group Due to Fire Hazard ([17-148](#))**
- **Nature's Truth Recalls Iron Supplement Bottles Due to Failure to Meet Child-Resistant Closure Requirement ([17-149](#))**
- **Little Passports Recalls Science Kits Due to Burn Hazard ([17-746](#))**
- **Honeywell International Recalls SWIFT® Wireless Gateway Sold with Fire Alarm Systems Due To Failure to Communicate in Fire ([17-151](#))**
- **VanMoof Recalls Bicycles Due to Fall and Impact Hazards ([17-152](#))**
- **Douglas Recalls Plush Toys Due to Choking Hazard ([17-155](#))**
- **Pulse Performance Products Recalls Krusher Scooters Due to Fall Hazard ([17-160](#))**
- **Dynacraft Recalls Ride-On Toys Due to Fall and Crash Hazards ([17-162](#))**
- **Hobby Lobby Recalls Easter and July 4th Light-Up Spinner Toys Due to Choking and Ingestion Hazards ([17-166](#))**

KEEP YOUR KIDS SAFE

Release Number: (#17-146) Combi USA, Charlotte, N.C., is announcing the voluntary recall of about 1,000 Combi shuttle travel system (stroller and car seat combos). This recall involves Combi Shuttle model strollers and car seats, which when used together are called a travel system. The strollers and car seats have model number 6100027 or 6100100 printed on a label on the base of the car seat and stroller's leg. The car seat and stroller were sold in titanium (silver) and red chili (red) colors. Combi is printed on the front of the stroller and the car seat. Shuttle is printed above the model number.

Problem: The car seat can disengage from the stroller's frame, posing a fall hazard to infants.

What to do: Consumers should stop using the recalled strollers with the car seats attached and contact Combi for a free repair, which consists of straps to secure the car seat to the stroller. Consumers can continue to use the strollers and car seats separately. Consumers can contact Combi USA toll-free at 844-332-6730 from 8:30 a.m. to 4:30 p.m. ET Monday through Friday or online at www.combiusa.com and click on "Safety Notifications" at the bottom of the page for more information. Combi USA will contact consumers who registered their products.

Release Number: (#17-737) AM Conservation Group Inc. of Charleston, S.C., announces the voluntary recall of about 37,000 luminescent night lights. This recall involves luminescent night lights Model 2017-G, a square-shaped night light with a rounded top. The night light glows green when plugged into an electrical outlet. The back of the night light has a metallic sticker with the "UL" logo on it. If the UL label has a number on it beginning with the letter H or I followed by seven numbers, it is included in this recall. The night lights were given free to consumers, individually and in energy conservation kits.

Problem: The night lights can overheat, posing a fire hazard

What to do: Consumers should immediately stop using the recalled night lights and contact the firm for a free replacement. Consumers can contact AM Conservation Group toll free at 866 878-1060 from 8 a.m. to 5 p.m. CT Monday through Friday or visit www.amconservationgroup.com and click on "Product Recall" for more information.

Release Number: (#17-149) Nature's Truth LLC, of Ronkonkoma, N.Y., announces the voluntary recall of about 520 Nature's Truth Slow Release iron supplements. This recall involves Nature's Truth Slow Release 45mg Iron Supplement bottles. The 60 count, coated tablets were sold in a green bottle with a green flip top cap. "Nature's Truth," "SLOW RELEASE IRON" and "45 mg" are printed on a yellow label on the bottle. Lot number 29672 and the January 2019 [EXP 01/2019] expiration date are printed on the right side of the bottle.

Problem: The packaging is not child-resistant as required by the Poison Prevention Packaging Act. The tablets inside the bottle contain iron, which can cause serious injury or death to young children if multiple tablets are ingested at once

What to do: Consumers should immediately place recalled bottles out of the reach of children and return them to the place of purchase for a full refund or a replacement bottle. Consumers can contact Nature's Truth toll-free at 844-544-1030 from 8 a.m. to midnight ET Monday through Saturday and 9 a.m. to 6 p.m. ET Sunday, by e-mail at customerservice@naturestruthproducts.com or visit the firm's website at www.naturestruthproducts.com for more information.

Release Number: (#17-746) Little Passports Inc., of San Francisco, Calif., announces the voluntary recall of about 7,000 Science Expeditions Northern Lights science kits. This recall involves the Science Expeditions Northern Lights science kits with "Make an Electromagnet" and "Aurora in a Box" experiments that use battery packs. The kits were sent to Little Passports subscribers in February 2017. The "Magnet Lab" experiment and comic book included in the Science Expeditions Northern Lights kit do not use battery packs and can still be used.

Problem: The battery packs included in the science kits can overheat, posing a burn hazard to consumers.

What to do: Consumers should immediately stop using the battery packs included in the kits and contact Little Passports for a Crystal Growing Kit replacement product or coupon for \$12 off any kit in Little Passports' online store. The firm is contacting all known purchasers directly. Consumers can contact Little Passports toll-free at 866-991-4547 from 8 a.m. to 5 p.m. ET Monday through Friday or online at www.littlepassports.com and click on "Product Safety" for more information.

Release Number: (#17-151) Honeywell International Inc., of Northford, Conn., is announcing the voluntary recall of about 900 SWIFT wireless gateway sold with fire alarm systems. This recall involves the SWIFT wireless gateway sold with fire alarm systems. The gateways are round, white and measure eight inches in diameter. The gateways are the bridge between the fire alarm control panel and the detectors. These systems are used primarily for indoor or covered areas in commercial buildings, such as in office buildings, hotels, industrial facilities, and apartment complexes. The model number and date codes are printed on the back of the gateway on a white label on the circuit board.

Problem: The smoke detectors connected to the gateway can fail to activate properly when significant environmental contaminants are present, posing a risk that consumers will not be alerted to a fire.

What to do: Contact Honeywell for an update of the firmware on the SWIFT wireless gateway(s) installed on the system. Commercial building customers should continue using the recalled detectors until the firmware is updated. Consumers can contact Honeywell at 800-289-3473 from 8 a.m. to 5 p.m. ET Monday through Friday or online at <http://hwll.co/CPSCsafety> and click on Safety Recall for more information.

Release Number: (#17-152) VanMoof USA Inc., of Brooklyn, N.Y., is announcing the voluntary recall of about 375 VanMoof B and S series bicycles. A list of models numbers can be found at <https://www.cpsc.gov/Recalls/2017/VanMoof-Recalls-Bicycles>.

Problem: The front fender bolts do not break when an object gets stuck between the front tire and the front fender/mud guard, posing fall and impact hazards.

What to do: Consumers should immediately stop using the recalled bicycles and contact VanMoof to receive free replacement nylon bolts for the front fender and installation instruction. The repair can be completed by the consumer without assistance. Consumers can contact VanMoof toll-free at 855-623-6673 from 9 a.m. to 7 p.m. ET Monday through Friday, email fenderbolt@vanmoof.com, or online at www.vanmoof.com or support.vanmoof.com on the top-right of the homepage of the website next to the language menu.

Release Number: (#17-155) Douglas Company Inc., of Keene, N.H., is announcing the voluntary recall of about 25,000 plush toys. This recall involves the Oliver™ the Bear, Chewie™ the English Bulldog, and Charlotte™ the Fox model plush toys. Oliver the Bear is a brown and tan stuffed bear, with a blue t-shirt that reads "Oliver the Bear" and a red, removable cape. Chewie is a stuffed, brown and white English Bulldog with a blue patch sewn on the chest that reads "Chewie." Charlotte is a stuffed, brown, black and white Fox with removable blue cape. Each of these toys has a sewn-in label with the words "DOUGLAS® the cuddle toy."

Problem: The plastic eyes on the plush toys can detach, posing a choking hazard.

What to do: Consumers should immediately take the recalled plush toys away from young children and contact the firm to receive a free replacement product or a full refund. Consumers can contact Douglas at 800-276-4029 from 9 a.m. to 7 p.m. ET Monday through Friday or online at www.douglastoys.com and click on Product Recall for more information.

Release Number: (#17-160) Bravo Sports, of Sante Fe Springs, Calif., is announcing the voluntary recall of about 18,700 Krusher Push scooters. This recall involves Pulse Krusher Pro Freestyle scooters with factory code 083WY, item number 164257 and date code 10-8-2016 or earlier. The factory code, item number and date code can be found on a label printed on the underside of the scooter deck. The 30-inch high scooters were sold in blue and have the words "PULSE PERFORMANCE PRODUCTS" printed on the down tube.

Problem: The down tube can break, posing a fall hazard to the rider.

What to do: Consumers should immediately stop using the recalled scooters and contact Pulse Performance Products for a full refund. Consumers can contact Pulse Performance Products toll-free at 844-728-9957 from 7:30 a.m. to 4 p.m. PT Monday through Friday, or online at www.pulsescooters.com and click on "CPSC Safety Recall" for more information.

Release Number: (#17-162) Dynacraft BSC Inc., of American Canyon, Calif., is announcing the voluntary recall of about 20,000 Surge and Tonka battery operated ride-on toys. This recall involves three models of 12V battery-operated ride-on toys, including Surge 12V Camo 4X4, Surge 12V XL Quad and Tonka 12V Mighty Dump trucks. The recalled ride-on toys have model numbers and date codes listed in the table below. The model number, batch number, serial number and the date code, formatted as "MMDDYYYY," are printed on a label on the bottom of the ride-on toy.

Problem: The acceleration pedal on the ride-on toys can stick, posing fall and crash hazards.

What to do: Consumers should immediately take the recalled ride-on toys away from children and contact Dynacraft to receive a free replacement foot pedal with installation instructions. Consumers in need of assistance with the repair, can bring the ride-on toy to an authorized service center for a free repair. Consumers can contact Dynacraft at 800-551-0032 from 7 a.m. to 4 p.m. PT Monday through Friday or online at www.dynacraftwheels.com and click on "Product Recalls" for more information.

Release Number: (#17-166) Hobby Lobby Stores Inc., of Oklahoma City, Okla., is announcing the voluntary recall of about 43,400 Easter and July 4th-themed Light-Up Spinner Toys. This recall involves children's battery-powered, light-up spinner toys sold in two themes: Easter and July 4th. The Easter-themed toys were sold in blue with a pink bunny on the dome and yellow with a yellow and orange chicken on the dome. The July 4th spinners are red with white stars painted on the blue dome. "Hobby Lobby" and item number 9130033 or 9130082 is printed on the spinner handle. The spinners are powered by three LR44 coin cell batteries.

Problem: The battery cover can detach and expose the small coin cell batteries, posing choking and ingestion hazards to young children.

What to do: Consumers should immediately take the recalled spinners away from children and return them to the nearest Hobby Lobby or Mardel store. Consumers can contact Hobby Lobby Stores at 800-326-7931 between 9 a.m. and 6 p.m. ET Monday through Friday, or online at www.hobbylobby.com and click on the Recall tab for more information.
