Founded in 1983, Something Special *from* Wisconsin is a trademarked marketing program administered by DATCP. The easily-recognizable red, white and yellow SSfW program logo helps member companies stand out from the competition by providing a quick and reliable way to identify genuine Wisconsin products and services at grocery stores, retail outlets, farmers' markets and restaurants. Any Wisconsin business, no matter how big or small, can apply for approval to use the SSfW logo if at least 50 percent of the value of the product or service is attributable to Wisconsin ingredients, production or processing. The program currently has nearly 500 members.

"We are extremely pleased with the success of our SSfW member companies at the Eats and Treats competition," said Lois Federman, SSfW director. "The SSfW logo brings instant recognition and credibility, and the results of the competition are testament to the fact that SSfW companies are producing products of truly the highest quality and desirability."
