User Registration Manual

Table of Contents

1. Objectives	2
2. Role Description	2
3. ESRQS Application URL	3
4. How to Log-in	3
5. How to Register as an Exporter User	12
3.1 Registering as an Exporter Additional User	14
3.2 Registering as an Exporter Primary Contact User for an Existing Exporter	17
3.3 Registering as an Exporter Primary Contact User for a New Exporter	19
6. Access ESRQS Application	21

1.Objectives

By the end of this manual, you will be able to submit user registrations to ESRQS application using the same login method currently used in the production ESRMS application – either an e-Auth or login.gov account.

- Log in to application using a login method
- Register as an Exporter primary Contact user and/or additional user

2.Role Description

The table below outlines all the roles associated with this application and their permissions.

Role	DESCRIPTION
Exporter Primary Contact User (Logged in user with Exporter Primary Contact user role)	<ul style="list-style-type: none">• Can maintain Exporter information/profile• Can manage his/her user profile and the profiles of additional users that belong to the same Exporter• Can add/submit Weekly Data Entry transactions and Export vessel information• Can add FAS99 information• Can add Export Adjustments
Exporter Additional User (Logged in user with Exporter Additional user role)	<ul style="list-style-type: none">• Can manage his/her user profile• Can add/submit Weekly Data Entry transactions and Export vessel information• Can add FAS99 information

	<ul style="list-style-type: none"> • Can add Export Adjustments
ESR Public user (Non logged in user)	<ul style="list-style-type: none"> • Can access ESR Query • Can access Reports

3. ESRQS Application URL

To access the ESRQS application, select the following URL address:

<https://stgapps.fas.usda.gov/esrqs>.

4. How to Log-in

If you are already an active user in ESRQS application, access the application using the URL - <https://stgapps.fas.usda.gov/esrqs>.

You will be directed to the screen as shown below.

Home

Export Sales Reporting and Query System

USDA's Foreign Agricultural Service (FAS) provides an electronic system that allows authorized users to submit and maintain the following weekly export information as it relates to the contracts associated with, but not limited to:

- Report of Export Sales and Exports
- Report of Optional Origin Sales
- Report of Exports for Exporter's Own Account

Weekly reports are required for certain designated commodities: feed grains, wheat, wheat products, rye, flaxseed, linseed oil, cotton, cottonseed, oilseed products, rice, cattlehides and skins, beef, and pork.

U.S. exporters provide information on the quantity of their sales transactions, the type and class of commodity, the marketing year of the shipment and the destination country. They also report any changes in previously reported information, such as cancellations or changes in destination.

Reporting under the Export Sales Reporting Program is mandatory. Any person(s) who knowingly fails to report under this program may be fined not more than \$25,000 or imprisoned for not more than 1 year, or both.

Please be aware that individual reports submitted by exporters under this program remain confidential. Exporters' reports are compiled into the Export Sales Report which is released each Thursday at 8:30 a.m. Eastern time. The latest Export Sales Report can be viewed at <https://www.fas.usda.gov/programs/export-sales-reporting-program>.

Search ESRQS:

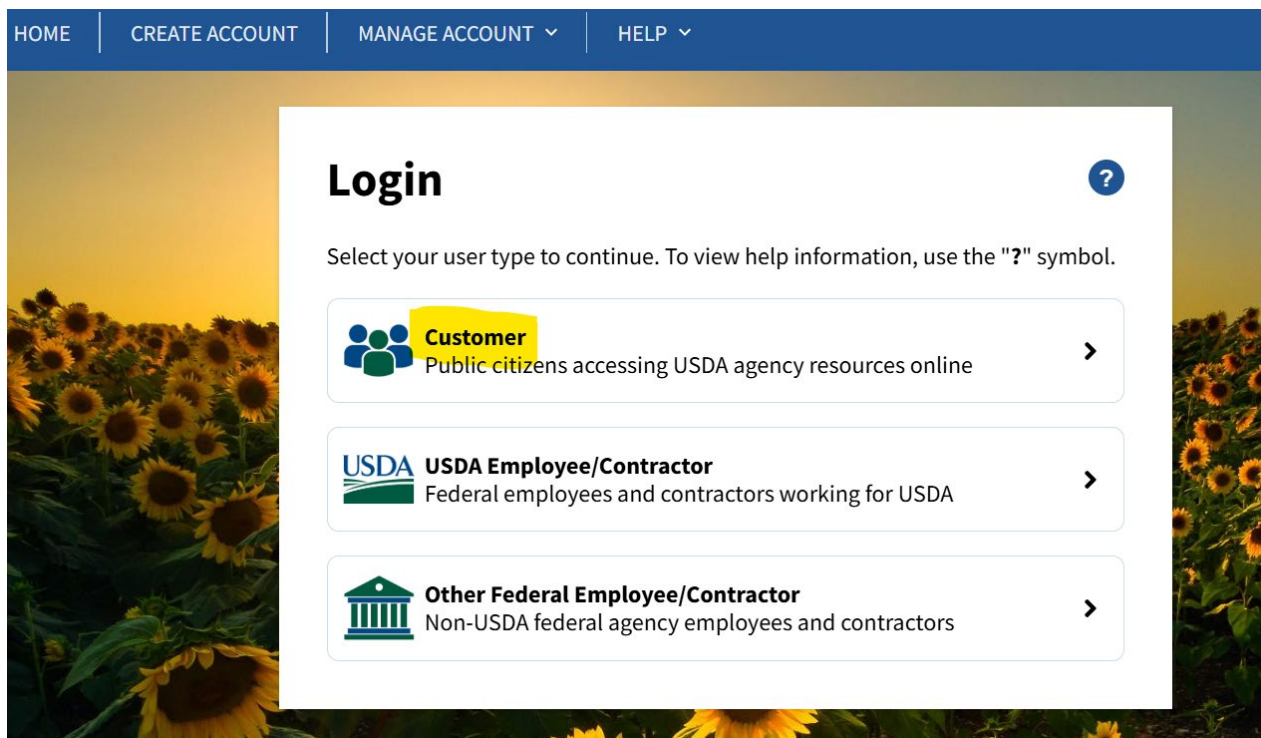

Trade and Foreign Agricultural Affairs - Foreign Agricultural Service (TFAA-FAS) redesigned Export Sales Reporting and Query System (ESRQS) in 2024

Export Sales Reporting (ESR) Query and some reports might not reflect legacy data preceding January 5, 2012. Data and reports preceding redesign are available at: <https://esrms.fas.usda.gov/#/esr-query>.

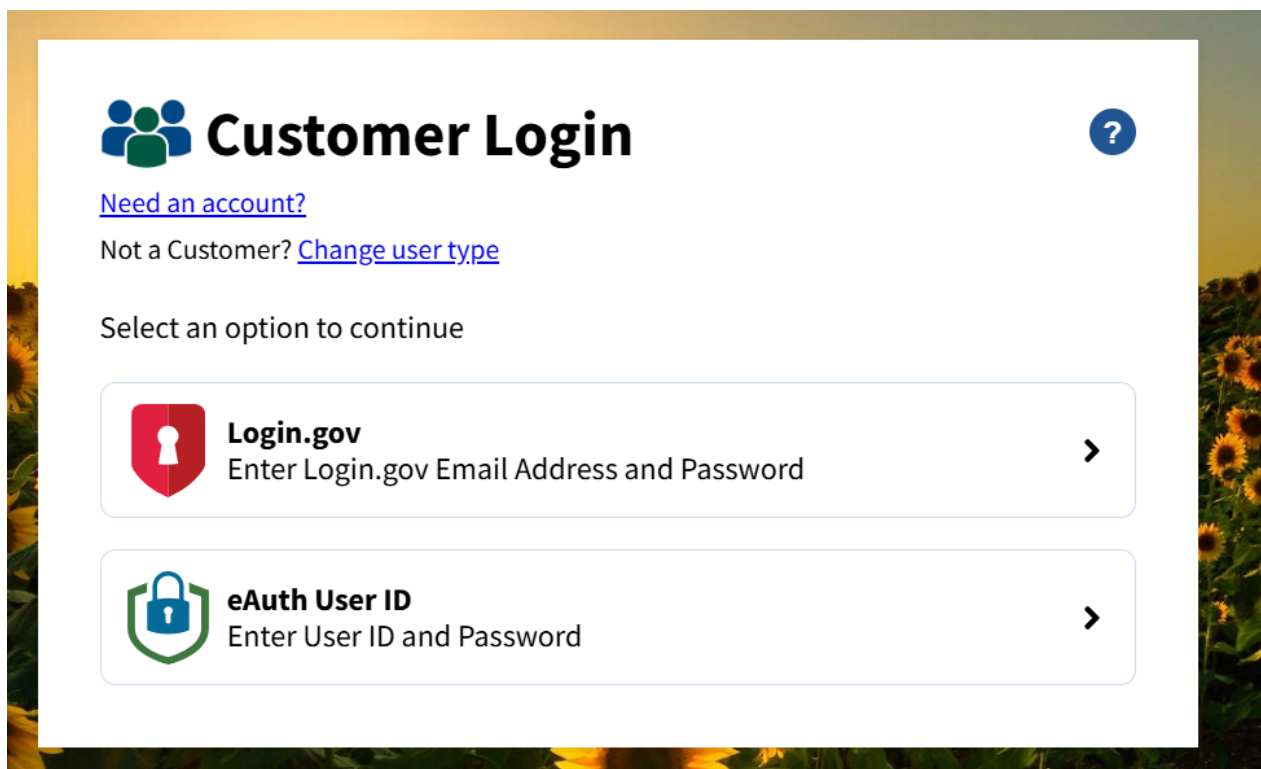

Contact

Comments, concerns, or questions can be sent to the Export Sales Reporting (ESR) team at: ESR@usda.gov.

Select Login on the application homepage. The e-Authentication login page will appear as shown below. Click on 'Customer' in the User Type selection.

You will be directed to the screen below.

e-Auth Account Login:

If you use e-Auth ID option to login to current ESRMS application, proceed to choose 'e-Auth user ID' option in this screen. You will be directed to the screen below where you can enter your e-Auth user id and password.

5. How to Register as an Exporter User

If you are a new user and need to gain access to the application, please follow the below steps to gain access to the application.

1. Please make sure you have an e-Auth or login.gov account. If you do not have one already, please create an account using this link: e-Auth ([eAuthentication \(usda.gov\)](https://eAuthentication.usda.gov)) or login.gov ([login.gov account](https://login.gov)).
2. Please send an email with your details to the following email address: 'esr@usda.gov' - first name, last name, email address, e-Auth ID and Exporter name you belong to in current ESRMS application.
3. You will then receive an email with an Exporter number that you need to use during your user registration process.
4. Once you get confirmation from ESR team with your Exporter number, please proceed to register to the application using the URL.
5. Once you login to the application using your eauth credentials, you will need to register to the application by submitting the user registration form.
6. The registration process needs to be completed only one time per Exporter.
7. On completion, you will be able to access specific screens in the application based on your role.

When you log into the application for the first time, you will be automatically directed to the “User Registration” page as shown below:
