

Registration Now Open for Free DEC Training!

WISCONSIN DRUG ENDANGERED CHILDREN (DEC) ACADEMY 101

**TUE, NOV 7, 2023 &
WED, NOV 8, 2023**

Lake Lawn Resort
2400 E. Geneva St, Delavan, WI

Who should attend?

- Law Enforcement
- Child Protective Services
- Ongoing Case Managers
- Prosecutors
- Judges
- Treatment Court
- Probation and Parole
- Medical Providers
- Advocates
- Child Advocacy Center Staff

Funding for this training is supported by the Children's Justice Act and requires counties apply as multidisciplinary teams with at least three (3) different disciplines represented.

See reverse side of this flyer for more information.

When a parent or caregiver misuses substances, children are often the first to be impacted and the last to be identified to receive help, support, and services.

Register today for DEC Academy 101, and learn how you can help children in your community.

Complimentary registration includes:

- Two days of training presented by the National Alliance for Drug Endangered Children
- Continental breakfast on Tuesday and Wednesday
- Lunch on Tuesday*

**lunch will be provided to Walworth County attendees on Wednesday.*

REGISTER BY NOVEMBER 1ST

LODGING: We are grateful to our partners at Lake Lawn Resort for blocking 88 rooms at a rate of \$98/night for Monday, November 6, and Tuesday, November 7. Attendees are responsible for lodging costs and room reservations. Please call 800-338-5253 and mention the National Drug Endangered Children Academy to make room reservations. Check-In time is 4pm and check-out time is 11am. Room reservations must be made by September 22.

Wisconsin Drug Endangered Children (DEC) Academy 101

DEC Academy 101 provides foundational knowledge around how drug endangered children are affected every day and everyone's role in identifying and helping them.

TRAINING AGENDA – Tuesday, Nov. 7, 2023

8:30-9:30am • Continental Breakfast (provided)

9:45-11:45am • DEC Awareness Training

The DEC Awareness Training helps participants gain awareness about drug endangered children, the risks they face, and the long-term impacts; understand the many opportunities to identify children at risk; and learn the importance of early identification and intervention to change the trajectories of the lives of drug endangered children and break multigenerational cycles.

Noon-1pm • Lunch (provided)

1-3pm • DEC Approach Training

This training focuses on how to implement the DEC Approach, which is a strategy based on a common vision, ongoing collaboration between various disciplines and agencies, and ongoing changes in practice. The DEC Approach is effective in improving the likelihood of better outcomes for drug endangered children.

3-5pm • Marijuana: The Danger Remains

This session outlines the risks children face whether marijuana is legal or not. The legalization of marijuana has only served to obscure these risks and, in some ways, elevate them. We will discuss immediate risks to children growing up in households where marijuana and marijuana products are consumed, grown, processed, and illegally sold.

TRAINING AGENDA – Wednesday, Nov. 8, 2023

8:30-9:30am • Continental Breakfast (provided)

10am-Noon • Intersection of DEC & Human Trafficking Training

During this introductory training, participants will learn and understand the connections between drug endangered children and human trafficking, which are often overlooked by many disciplines. Definitions, statistics, and case examples will be shared to help participants recognize the vulnerabilities and understand the intersections as well as what can be done to identify and intervene. *Following this session, the training agenda will conclude for non-Walworth County attendees.*

Noon-1pm • Lunch (provided for Walworth County attendees)

1:30-3:30pm • DEC Coaching Sessions (for Walworth County)

REGISTER BY NOV. 1ST!

Funding for this training is supported by the Children's Justice Act and requires counties apply as multidisciplinary teams with at least three (3) different disciplines represented.
