Analysis by the Legislative Reference Bureau

Current law requires the Department of Justice to collect certain information concerning criminal offenses committed in Wisconsin. This bill requires DOJ to collect data and publish an annual report on law enforcement use of force incidents, including incidents where there was a shooting, where a firearm was discharged in the direction of a person (even if there was no injury), and where other serious bodily harm resulted from the incident. The bill requires certain demographic information to be collected about each such incident, and reported annually by DOJ on its Internet site.

For further information see the state and local fiscal estimate, which will be printed as an appendix to this bill.
