

# DEVON FOSTER CARERS' ASSOCIATION

Carers will no doubt have read the 'special edition' of the Fostering Devon newsletter that came out on 16<sup>th</sup> May. This served to highlight plans that Devon's Fostering Service may be changing foster carers' membership from Fostering Network to Foster Talk.

While many of the benefits of membership with Foster Talk might seem appealing, it's well worth considering the differences on offer and, in an effort to ensure carers are fully informed about those differences, a breakdown of the benefits offered by The Fostering Network are attached to this editorial, along with, for the sake of clarity, a copy of the benefits mentioned on the 'special edition' (also attached)

If you have comments to make, please make them known.

**DON'T FORGET - Fostering Fortnight** doesn't end until **29<sup>th</sup> May** - if anyone would like help with organising (or would like us to organise) a particular event to mark the date, please do contact one of us 😊

Your views on the Fostering Service Consultation regarding proposed changes to the Complaints Policy, Criteria for Level 3 carers and to Devon's Charter which you sent to [fosteringoperationsmanager-mailbox@devon.gov.uk](mailto:fosteringoperationsmanager-mailbox@devon.gov.uk)

– have been heard! 😊

Sonia Sandiford has confirmed she's trying to arrange dates to meet with carers in each area to update all carers on service redesign, tier 3 consultation/response, pay slips for foster carers, complex need criteria and the current plan to move from Fostering Network to Foster Talk

## DON'T FORGET!!!

General guidance on fostering and tax can be found on HMRC website, <https://www.gov.uk/foster-carers/help-with-the-cost-of-fostering>, but carers are **STRONGLY** advised to check their own individual personal circumstances carefully.

To ensure they receive the benefit of Class 2 National Insurance credits when they retire, Carers will need to have at hand a copy of a letter from Children's Services confirming how long they've been caring for Devon. **Don't miss out** – ask your supervising social worker for one now.

Usual **MINUTES (and Summary)**, of our last meeting on 28<sup>th</sup> April 2017 **attached** together with copy **CONSTITUTION** (outlining our Aims and Objectives). If anyone would like to raise anything for the Agenda of our next meeting, please just let us know – remember, this is **YOUR** Association! Your views matter!

**PLEASE DON'T FORGET** - The deadline for responses to the National Fostering Stocktake – 'Call for Evidence' is the 16th June !!

Your responses to this important stocktake **will** be taken into consideration in the panel's recommendations to Government. The panel's decisions will directly impact on how the Government reacts to fostering nationally in future. As we all recognise, this is a very important time for fostering in this country. Wouldn't you rather be part of future planning and have your views taken into account – rather than just be a bystander?! 😊

**DON'T MISS IT!**

FOSTERING NETWORK "...offer the following:

- **Legal Protection Insurance** – all Devon fostering households are covered by our legal protection scheme. This includes any approved foster carers, their partners, the foster carer's parents, their partners' parents, their own children (all of whom are permanently resident in the UK or RoI), plus any other dependant living in the home. They have access to a 24-hour legal helpline and a **stress counselling service**. We provide an experienced solicitor to prepare and accompany you to a police interview under caution as a result of an allegation and we cover up to £100,000 legal costs in defending an allegation. We also cover **historic allegations**, which means the alleged incident doesn't have to have taken place during the membership period, which other insurance providers might not cover. This is always important to find out if you are considering moving provider as you may find yourself with less comprehensive cover.
- **A Member Helpline** – this is a one-stop shop to get advice and guidance from experienced advisors about any issue related to being a foster carer. We have one number to call if you need advice about any of the following:
  - o **Finances** – including how to calculate your income tax, welfare benefits, pensions, allowances, savings etc.
  - o **Education** – including pupil premium, exclusion, PEP meetings and support for special educational needs
  - o **Health** – including CAMHS and mental health, emotional well-being, supporting a child or young person with a disability, LAC nurses and health reviews
  - o **Professional issues** – including review meetings, approval range, placement disruption, permanence options and working with other professionals around the child

All of our advisors are trained in the latest developments in fostering and have access to the latest findings from The Fostering Network's innovation projects and work with policy makers such as the DoE and Ofsted. They talk to foster carers on a daily basis about a huge variety of issues and regularly speak to foster carers who call about a particular issue such as tax and then also need advice on education for their child and how to prepare for an upcoming review. Our focus is on the quality and depth of our advice and there is no need to ring multiple numbers for different areas of advice.

- **Information** – our quarterly magazine, monthly e-news and online resources give our members information and in-depth analysis on all aspects of fostering, from supporting unaccompanied asylum seeking children to kinship care.
- **Online community** – all of our members have access to our secure, member-only online community, providing peer support to thousands of foster carers from across the UK. With hundreds of posts every month about anything and everything to do with fostering, there is a hugely supportive community for those who may not be able to meet other foster carers at local support groups and events.
- **Member events** – as well as running workshops at support groups (such as the recent tax workshop), we also run regional conferences exclusively for members of The Fostering Network, where members from across the region can come together to learn about the latest developments in fostering and meet other professionals working with looked after children.
- **Discounts** – all foster carer members get discounts on our publications, training and events. On top of this they get exclusive discounts for family days out through Merlin – at places such as Alton Towers, Sea Life and Legoland – plus discounts on family holidays, foster carer home insurance and a specialist mortgage helpline with discounted

fee for arranging a mortgage. As a charity, we never use the funds from membership fees to pay a third-party provider for discounts. All of our discounts are arranged in kind from organisations and companies that understand the vital role foster carers play in caring for children and young people.

· **Influence**— our members help us to make fostering better for everyone involved by shaping our campaigns, such as Staying Put, by telling us what it means to be a foster carer and responding to our consultations; they help us to raise the profile of fostering and dispel myths about looked after children through our media work; and they help us to improve practice through the new methods piloted in our innovation projects. Without our members' support, ideas, stories and enthusiasm, we couldn't have the impact we have on the fostering sector and the lives of children and young people in care.

We have an Independent Support service that provides high-quality independent support in the event of an allegation at discounted rates for those services who buy foster carer membership from us. We have been supporting foster carers for decades and have built up a wealth of experience."

More information about membership can be found on their website at <https://www.fostertalk.org/service-provider/membership-carers#membenefits>

We have yet to finalise arrangements for transferring membership so you currently remain registered with Fostering Network. We will be writing to you informing you of the date of the change and we would like to pass on your contact details to FosterTalk.

Once the change is agreed FosterTalk would send you out membership packs. They are also proposing to arrange some launch meetings across the county with carers where they would introduce the service, bring along lots of information/publicity material freebies and ensure that you are ready to use the service.
