

## Contributions to the newsletter

Got something interesting or important you'd like to include in the newsletter? We welcome contributions from everyone – Fostering staff, Foster Carers, partner organisations and teams such as Health, Education and Participations – everyone who has a role to play supporting children and young people in care. Our main focus for the newsletter is on our Foster Carers so please keep your audience in mind when you're writing your articles.

If you'd like to suggest a contribution we'll need:

- A title
- A few lines of text to explain your article, to make the reader want to click to find out more
- The full text or version of whatever you want to include
- Any pictures we can use (please make sure the copyright is available!)
- Your name and role (eg David Jevon, Service Support Manager)

Please email this to [fosteringassessmentsadministration-mailbox@devon.gov.uk](mailto:fosteringassessmentsadministration-mailbox@devon.gov.uk) by 12pm on the Thursday to guarantee inclusion in the newsletter. The newsletter goes out fortnightly. Please bear in mind we can't include everything but will always try our best to do so.
