#### **Learning Objectives:**

By the end of the session learners will be able to:

- Explain how Channel links to the Governments Counter Terrorism Strategy (CONTEST)
- Describe the Channel process and its purpose
- Identify factors that can make people vulnerable to radicalisation
- Define safeguarding and risk ownership of the Channel process

### **PREVENT – RADICALISATION – PROTECTING YOUR CHILDREN**

<http://educateagainsthate.com/parents>

**Aim:** This free e-learning package is aimed at Parents and Carers. We all want our children to live in a safe and loving environment so that they can grow up to become happy, confident adults. You will already know that your children can be vulnerable to risks both inside and outside of the home, and will have taken steps to protect them so that they can grow, learn and develop to their fullest potential. Protecting your children from radicalisation and extremism is similar to protecting them from the other harms you may be more familiar with such as drugs, gangs and sexual exploitation.

**Aim:** The Home Office have developed this e-learning package for Prevent to promote new guidance (March 2016). This is introductory training and provides a foundation on which to develop further knowledge around the risks of radicalisation and the roles involved in supporting those at risk.
